

INCLUSION PUZZLE

COLLABORATION EVENT

16-19 JUNE 2022
VILNIUS, LITHUANIA

Would you like to work towards more inclusive societies?

Join the INCLUSION PUZZLE event to network and plan new activities together!

Inclusion Puzzle is a 2,5-day event organised by Nordic Youth Organisation (NordYouth). At this event we will shape ideas and plan activities for cross-sector collaboration on social inclusion.

Social inclusion is the process of individual's integration in the community, participation in society, access to resources, voice and respect for their rights. Through Inclusion Puzzle we aim to build collaborative actions that work on inclusion of disadvantaged groups and individuals to become active and integrated participants in European communities.

AT INCLUSION PUZZLE WE WILL:

- Work on ideas and action plans for social inclusion, especially in the context of inclusion of Ukrainian immigrants in European societies, but participants are welcome to work on any form of social inclusion that is relevant for them and their sending organisations.
- Share and learn about good practice on social inclusion in different sectors, and get input from Lithuanian experts on this field
- Build cross-sector and cross-national networks with people and institutions that want to work on inclusion
- Learn why social inclusion is important and about the value and importance of diversity in our societies
- Gain information on how to build long-term cross-sector collaborations and what funding opportunities there are for European projects

The AIM is to form partnerships around activity ideas and concretely plan how to carry them out on local, regional, national, international level, or online. The participants are encouraged to carry out first activities in 2022. The activities can be small interventions and actions or something larger in scale. The activities can for instance be concrete actions for inclusion on local level, campaign, workshop, event, social media activities, producing educational content, writing an article, making a podcast or other media content, sharing good practice to a wider audience etc. At Inclusion Puzzle, you will receive expert support for planning your activity in collaboration with other participants and organisations. We welcome a diverse group of participants from different sectors to create new types of collaborations and innovative ideas for a more inclusive Europe.
